

NORTH TEXAS FIRE INVESTIGATORS' ASSOCIATION

President's Message

Looking ahead, my primary goal for 2025 is to expand the training opportunities we offer. I know this has been a key request from many of you. To achieve this, we plan to establish a Training Committee, and I encourage those interested in contributing to this initiative to step forward. I recognize this involves a commitment, but I'm confident we have individuals willing to meet this challenge and help us enhance our professional development programs.

Thank you all for making this a strong and vibrant association. I'm excited to continue building on the growth we've experienced. If you have ideas or would like to be more involved, I encourage you to attend our meetings and share your thoughts.
